I. INTRODUCTION

Complainant submits this complaint under 15 Del. C. § 8033. It concerns violations of the Campaign Financing and Disclosure Act of 1990, 15 Del. C. §§ 8001 et seq., by the political action committee Save Our Sussex (the "PAC") and by the candidate committees of three candidates in the November 3, 2026 general election: Jill Hicks, Sussex County Council, District 5; Justine Cuccia, Sussex County Council, District 4; and Ryan Stuckey, State Representative, 41st District.

Since its formation in 2025, the PAC has reported $28,042.78 in expenditures. Apart from $600.00 contributions to each of the Hicks and Cuccia committees, nearly all of that money went to Meta Platforms, Inc., the Cape Gazette, Independent News Media, and commercial printers. It paid for an advertising campaign on behalf of the three Respondent candidates. That campaign consists of at least 32 Facebook and Instagram advertisements, each naming one or more of the Respondent candidates or their opponents; a direct-mail piece; banner advertisements on the Cape Gazette website urging readers to vote for Jill Hicks; and candidate profiles published on the Bay to Bay News website. Every advertisement bears, at most, only the legend "Paid for by Save Our Sussex PAC."

This spending violates Chapter 80 however it is characterized. If the expenditures were coordinated with the candidates, they are in-kind contributions far exceeding the $600.00 limit of 15 Del. C. § 8010(a), and the candidates accepted them and failed to report them. If the expenditures were truly independent, they are third-party advertisements. In that case the PAC was required to file reports under 15 Del. C. § 8031 within 24 or 48 hours of each expenditure and to carry the expanded disclosure statement required by 15 Del. C. § 8021(b). It has done neither.

The evidence points strongly toward coordination. Most significantly, the PAC's advertising copy and the candidates' own campaign messaging are, in key instances, the same

words. One day after the PAC began running an extended advertisement profiling Jill Hicks, the Hicks campaign published that identical text, word for word, on its own Facebook page. Candidate Jill Hicks and her campaign treasurer, Dr. Leslie Calman, who verifies the Hicks committee's reports, each gave the PAC $1,000.00 at its founding. The PAC's own Executive Board and Advisory Council members are among the candidates' largest contributors, several at the statutory maximum. All three campaigns repeatedly redistributed the PAC's paid content on their own pages, often within hours of the PAC posting it. No single fact is dispositive. Taken together, however, the evidence overwhelmingly supports a conclusion that the PAC's expenditures were not independent, and it warrants investigation by the Commissioner.

Finally, the reports themselves contain further violations and discrepancies. The PAC's 2025 Year-End Report reports the same expenditures three times over, obscuring the true source of the funds. The Hicks committee accepted contributions from two individuals in excess of the $600.00 limit and reports a $600.00 contribution with no contributor name or address. The Hicks committee also reports receiving the PAC's $600.00 contribution on October 4, 2026, nearly four months after the PAC reports having made it.

II. APPLICABLE LAW

A. Contribution Limits and Coordinated Expenditures

Section 8010(a) provides that no person other than a political party "shall make, and no candidate, treasurer or anyone acting on behalf of any candidate or candidate committee shall accept, any contribution which will cause the total amount of such person's contributions to or in support of such candidate to exceed, with respect to a statewide election, $1,200 during an election period, or with respect to any election that is not statewide, $600 during an election period." A political action committee is a "person" subject to this limit. 15 Del. C. § 8002(17), (18). The offices sought by the Respondent candidates are not statewide offices, so the applicable limit is $600.00 per election period. The same limit applies to contributions from individuals, and a candidate committee may not accept any contribution that causes an individual's aggregate contributions in the election period to exceed it. 15 Del. C. § 8010(a).

The limit reaches beyond checks written to a candidate committee. A "contribution" includes any "expenditure or transfer, of money or any other thing of value, to or for the benefit of any candidate," excepting only independent expenditures. 15 Del. C. § 8002(8). Section 8012(f) makes the point explicit: any expenditure by a political committee "on behalf of or in connection with the campaign of any candidate (except an independent expenditure that meets the requirements of this chapter) shall be deemed a contribution under this chapter" and "shall be included within the limit imposed by § 8010(a)." Where such an expenditure benefits more than one candidate, it is prorated among the candidates benefited. *Id.* The statute further requires that, apart from qualifying independent expenditures, "all expenditures to or on behalf of a candidate shall be made from the candidate committee." 15 Del. C. § 8003(b).

An expenditure qualifies as "independent" only if it is made "without cooperation or consultation with any candidate, or any committee or agent of such candidate, and which is not made in concert with, or at the request or suggestion of, any candidate or any committee or agent of such candidate." 15 Del. C. § 8002(13). An expenditure is coordinated, and is not independent, where (a) there is "any arrangement, coordination or direction with respect to the expenditure between the candidate or the candidate's agent and the person … making the expenditure"; (b) the spender "has advised or counseled the candidate or the candidate's agents on the candidate's plans, projects or needs" in the same election period; or (c) the expenditure is based on information the spender received, directly or indirectly, from the candidate or the candidate's agents about the candidate's plans, projects or needs. *Id.* § 8002(13)(a)–(c).

Accordingly, a PAC that has already contributed $600.00 to a non-statewide candidate may not make any further coordinated expenditure on that candidate's behalf, and the candidate may not accept the benefit of one. A person who knowingly makes or accepts a contribution in violation of Subchapter II commits a class A misdemeanor. 15 Del. C. § 8043(b). A person who accepts a contribution knowing it to be prohibited must return it in full. *Id.* § 8043(i).

B. Third-Party Advertisement Reports

A "third-party advertisement" is either an independent expenditure or an electioneering communication. 15 Del. C. § 8002(27). An "electioneering communication" is a communication by any person other than a candidate committee or political party that refers to a clearly identified candidate and is publicly distributed through communications media, including newspapers, the Internet, and mail, within 30 days before a primary election or 60 days before a general election to an audience that includes the candidate's electorate. *Id.* § 8002(7), (10). For the November 3, 2026 general election, that window opened on September 4, 2026.

Any person other than a candidate committee or political party whose expenditures for third-party advertisements exceed $500.00 in aggregate during an election period "shall file a third-party advertisement report with the Commissioner." 15 Del. C. § 8031(a). The report is filed under penalty of perjury and must disclose each payee receiving more than $100.00, with the amount, date, and purpose of each expenditure; "the name of, and office sought by, each candidate on whose behalf such expenditure was made"; and the name and mailing address of every contributor of more than $100.00 during the election period. *Id.* § 8031(a)(1)–(5). The report is due within 48 hours after the expenditure, or within 24 hours if the expenditure is made within 30 days before a primary or 60 days before a general election. *Id.* § 8031(d). An expenditure is deemed made on the date it is paid or obligated, whichever is earlier. *Id.* For these purposes, the spender's election period tracks that of the candidate identified in the advertisement. *Id.* § 8002(11)(d).

A political action committee is not exempt from Section 8031; the statute excludes only candidate committees and political parties. A reporting party who knowingly fails to file a required report commits a class A misdemeanor. 15 Del. C. § 8043(c). An unfiled report is also "tardy" and subject to an administrative penalty of $50.00 per day for up to 100 days. *Id.* § 8044(a).

C. Periodic Reporting Obligations

Every political committee must file periodic reports for each reporting period ending December 31, 30 days before an election, and 8 days before an election. 15 Del. C. § 8030(b). Each report must disclose, among other things, the full name and mailing address of each contributor whose contributions exceed $100.00 in aggregate during the election period, *id.* § 8030(d)(2); the full name and mailing address of each person to whom an expenditure exceeding $100.00 was made, with "the amount, date and purpose of each such expenditure and the name of, and office sought by, each candidate on whose behalf such expenditure was made," *id.* § 8030(d)(9); and all goods and services contributed in kind, *id.* § 8030(d)(11). Each report is verified by sworn affidavit that it "discloses all contributions received and expenditures required." *Id.* § 8030(f). Knowingly filing a report that is false in any material respect is a class A misdemeanor. *Id.* § 8043(c).

D. Required Identification on Advertisements

Delaware imposes two distinct disclosure statements. An ordinary campaign advertisement with a fair market value of $500.00 or more must state "Paid for by [name of political committee or other person paying for such advertisement]." 15 Del. C. § 8021(a). A third-party advertisement with a fair market value of $500.00 or more must prominently state: "Paid for by [name of political committee or other person paying for such third-party advertisement]. Learn more about [name of person] at [Commissioner of Elections' web address]." *Id.* § 8021(b). The second sentence directs voters to the Department's website, where the spender's contributors appear in its Section 8031 reports, and it is meaningful only if those reports have been filed.

These requirements apply to each advertisement having a fair market value of $500.00 or more. Where a political committee's advertisement is coordinated with a candidate, it is a campaign advertisement subject to § 8021(a). Where it is independent, it is a third-party advertisement subject to the expanded statement required by § 8021(b). A reporting party who violates § 8021 "shall be assessed a fine by the Commissioner of $500 or 25% of the cost of the campaign advertisement subject thereto, whichever is greater." 15 Del. C. § 8043(j).

E. Contributor Identification

"No person shall make, and no candidate, treasurer or other person acting on behalf of a candidate or political committee shall knowingly accept a contribution whose donor's true name and address is not made known to the political committee that receives it." 15 Del. C. § 8006(b). A candidate committee must report the full name and mailing address of each contributor whose aggregate contributions exceed $100.00 during the election period. *Id.* § 8030(d)(2).

III. STATEMENT OF FACTS

A. The PAC and Its Leadership

The PAC is registered with the Department as a political action committee, Account No. 02006396. Its reports are signed by its treasurer, Bob Murray. According to its website, a five-member Executive Board governs the PAC's fundraising and expenditure activities: Nan Mathis (President), Bob Murray (Treasurer), Jeanne M. Noble, Susan Nogan, and Nancy Sakaduski. The Executive Board "consults with" an Advisory Council as needed, whose members are Alison White (Chair), Rich Borrasso, Pat Coluzzi, Jim Dick, Mary Douglas, Patti Drago, Joe Pika, and John (Jack) Young. The website asserts that board and council members "adhere to state and federal laws regarding independence from political candidates and their campaigns," and that the PAC uses its donations "to fund independent campaigns in support of candidates." *See* Exhibit I (captured October 9, 2026).

B. The PAC's Reports

The PAC has filed four reports: a 2025 Year-End Report (April 15 through December 31, 2025), a 2026 Primary 30-Day Report (January 1 through August 16, 2026), a 2026 Primary 8-Day Report (August 17 through September 7, 2026), and a 2026 General 30-Day Report (September 8 through October 4, 2026). *See* Exhibit A. The PAC did not check the "Third-Party Advertisers" box on any of them, and it has filed no third-party advertisement report under 15 Del. C. § 8031.

The PAC's reports disclose the following expenditures to advertising and printing vendors:

Payee	Dates	Amount
Print Coast2Coast	Feb. 4 – Oct. 1, 2026	$14,236.80
Cape Gazette	Nov. 8, 2025 – Sept. 16, 2026	$4,326.80
Meta Platforms, Inc.	Aug. 8 – Oct. 4, 2026	$4,276.32
Independent News Media	Aug. 28 – Sept. 17, 2026	$900.00

Of these, the following were paid within the 60 days preceding the general election, a window that began September 4, 2026: Meta, $849.17 on September 6 and $1,800.00 on October 4; Cape Gazette, $302.76 on September 15 and $3,346.56 on September 16; Independent News Media, $600.00 on September 17; and Print Coast2Coast, $137.50 on September 15, and $82.50, $6,661.20, and $7,268.10 on October 1. None of the PAC's reports identifies any candidate on whose behalf any expenditure was made.

The PAC's 2025 Year-End Report reports the same twelve transactions, totaling $2,606.13, in three places: as expenditures on Schedule B; as in-kind contributions on Schedule C-1, attributed to the vendors themselves (Amazon, PayPal, the Cape Gazette, and others); and as "cash" and

"check" non-cash assets on Schedule F. As a result, the report's ending cash balance of $27,595.92 equals every dollar of cash the PAC received, as if none of these vendors had been paid from the PAC's account. If they were paid by individuals on the PAC's behalf, those individuals made in-kind contributions that the report does not disclose.

C. The Advertisements

Facebook and Instagram. The Meta Ad Library lists 32 paid advertisements, comprising 23 distinct creatives, sponsored by the PAC's page between August 19 and October 11, 2026. *See* Exhibit E. Meta reports aggregate spending of $2,100 to $5,268 and between 183,400 and 242,095 impressions.[1] Every one of these advertisements names one or more of the Respondent candidates or their opponents, Councilmen Doug Hudson and John Rieley and House candidate John Atkins. Representative examples include:

- Ad 1 (Oct. 1–9): "Search their records. Then vote for a different direction: Justine Cuccia, District 4 Council; Jill Hicks, District 5 Council; Ryan Stuckey, House District 41. Change starts October 22. Vote early."
- Ad 4 (Aug. 19–29): an extended profile of Hicks, including a quotation attributed to her, ending "Vote for positive change. Jill Hicks for Sussex County Council District 5!"
- Ad 7 (Oct. 1–8): a video titled "Vote Ryan Stuckey, House District 41," built around a first-person statement by Stuckey.
- Ad 8 (Sept. 27 – Oct. 2): "Vote for: Justine Cuccia … Jill Hicks … Ryan Stuckey."

Each advertisement displays only "Paid for by Save Our Sussex PAC." One adds "Not authorized by any candidate or candidate committee," and one truncates the legend to "Paid for by Save Our Sussex PA." None includes the statement required by § 8021(b).

Direct mail. The PAC sent an oversized, full-color postcard to households in Sussex County Council District 5 by presorted standard mail (Rehoboth Beach permit). *See* Exhibit F. The front of the postcard bears the headline "ENOUGH!" over an aerial photograph of cleared forest land, a professional portrait photograph of Jill Hicks, and the stylized name "Jill★ HICKS — FOR SUSSEX COUNTY COUNCIL DISTRICT 5." It urges recipients to "[s]upport candidates who will bring change to Sussex County Council," to "[m]ake sure your voice is heard," and notes that "Early Voting Starts Oct. 22."

The reverse side is headed "THE NEXT 10 YEARS ARE AT STAKE." It states that "[t]he next County Council will determine population growth for the next 10 years through a new Comprehensive Plan" and declares "JILL HICKS = CHANGE." It describes Hicks's work "as a community volunteer and member of the Sussex County Land Use Reform Working Group." It

[1]Meta reports advertising spend and impressions only in ranges. The aggregate figures stated are the sums of the ranges Meta displays for each advertisement as of October 11, 2026.

also attacks her opponent: "JOHN RIELEY HAS HAD 8 YEARS. If he were going to fix these issues, he would have done so by now." The reverse directs recipients to "Learn more: ElectJillHicks.com," which is the Hicks campaign's website, and to "Follow us: Facebook.com/SaveOurSussex."

The two sides carry different disclaimers. The front states "Paid by Save Our Sussex PAC, funded by citizens like you, not developers," which does not use the "Paid for by" formulation required by § 8021. The reverse states "PAID FOR BY SAVE OUR SUSSEX PAC." Neither side includes the statement required by § 8021(b). The mailer is likely related to the PAC's October 1, 2026 expenditures to Print Coast2Coast of $6,661.20 and $7,268.10.[2]

Cape Gazette banner advertisements. The PAC has run banner advertisements on the Cape Gazette website (capegazette.com), observed as recently as October 9, 2026. *See* Exhibit G. The banner bears a portrait photograph of Jill Hicks beside the headline "THIS ELECTION WILL SHAPE SUSSEX COUNTY'S NEXT DECADE," with the word "DECADE" underscored. Beneath the headline it states "Vote Jill Hicks for District 5" and "EARLY VOTING BEGINS OCTOBER 22." The only disclosure is the phrase "Paid for by Save Our Sussex PAC," printed in small, light text over a photographic background in the lower right corner. It does not include the statement required by § 8021(b).

The banner is express advocacy for Hicks's election. Because it was publicly distributed within 60 days before the general election, it is also an electioneering communication. The PAC reports Cape Gazette expenditures of $302.76 on September 15, 2026 and $3,346.56 on September 16, 2026. The banner advertisements are likely related to these expenditures, and the Department should confirm their cost through the PAC's records.

Bay to Bay News profiles. On September 28, 2026, the PAC posted links to profiles of Hicks and Cuccia published on the Bay to Bay News website, which is published by Independent Newsmedia, Inc. *See* Exhibits H-5, H-6, K-6, K-7. The PAC reports paying "Independent News Media Network" $300.00 on August 28, 2026 and $600.00 on September 17, 2026. *See* Exhibit A. The profiles are discussed further in Section III.D.4.

D. Evidence of Coordination

1. The PAC's advertising copy appears word for word in the candidates' own campaign messaging. The single strongest indication that the PAC's expenditures were not independent is that the PAC and the candidates are using the same words.

On August 19, 2026, the PAC began running Ad 4, an extended profile of Jill Hicks. *See* Exhibit E. On August 20, the Hicks campaign's own Facebook page ("Electjillhicks") published

[2]Complainant believes the direct-mail piece is likely related to the Print Coast2Coast expenditures of $6,661.20 and $7,268.10 reported on October 1, 2026, but cannot confirm the cost of the mailer from the public record. The Department should confirm the cost through the PAC's records.

that same text in its entirety, word for word, under the heading "Thank you Save Our Sussex PAC." *See* Exhibit H-2. The identical text includes the opening sentence, "Few people bring a stronger commitment to positive change—or better qualifications for Sussex County Council—than Jill Hicks"; the "What Jill Stands For" and "Proven Leadership & Real Experience" sections, line for line; the quotation attributed to Hicks, "County Council will soon be making decisions on planning and land use which will affect our lives for the next 10 years. It's vital to have a council member committed to change."; and the closing, "Vote for positive change. Jill Hicks for Sussex County Council District 5!" The campaign's post was accompanied by the PAC's endorsement graphic, which bears the legend "Paid for by Save Our Sussex PAC" and directs viewers to "Learn More at electJillHicks.com."

The candidates' own words also appear throughout the PAC's other materials:

PAC Material	**Candidate's Own Statement**
Ad 4 (Aug. 19–29, 2026), full text	Hicks campaign Facebook post (Aug. 20, 2026): identical text in its entirety, including the quotation attributed to Hicks. Exhibit H-2.
Ad 4: "Few people bring a stronger commitment to positive change—or better qualifications for Sussex County Council—than Jill Hicks, candidate for District 5 (Georgetown & Millsboro)."	Bay to Bay News profile, shared by the PAC and by the Hicks campaign (Sept. 28, 2026): "Few people bring a stronger commitment to positive change or better qualifications for the Sussex County Council than Jill Hicks, candidate for the District 5 seat serving Georgetown and Millsboro." Exhibits H-5, K-6.
Ad 4, attributed to Hicks: "County Council will soon be making decisions on planning and land use which will affect our lives for the next 10 years. It's vital to have a council member committed to change."	Hicks letter: "The council will be considering land-use changes that will affect our lives over the next decade. It requires a council member who is committed to change." Exhibit K-1. Hicks campaign contribution page: "The Council will be considering land use changes that will affect our lives over the next decade." Exhibit K-2.
Ad 4: "Co-founded the Sussex Preservation Coalition (now 4,000+ members strong) …"; "Appointed in 2025 to the County's Land Use Working Group, helping shape 20 major recommendations …"	Hicks letter: "… a group I co-founded … and grew into a 4,000-member organization"; "County Council appointed me to the Sussex County Land Use Reform Working Group, which recommended 20 major actions …" Exhibit K-1.
Mailer: "THE NEXT 10 YEARS ARE AT STAKE."	Hicks letter: "… affect our lives over the next decade." Exhibit K-1.
Cape Gazette banner: "THIS ELECTION WILL SHAPE SUSSEX COUNTY'S NEXT DECADE."	Hicks letter and campaign contribution page: "… affect our lives over the next decade." Exhibits K-1, K-2.
Ad 7 (Oct. 1–8, 2026), in Stuckey's first-person voice: "I didn't just complain about it. I joined Planning & Zoning to make a difference …"	Stuckey campaign Facebook post (Oct. 2, 2026): "I didn't just complain about overdevelopment in Sussex County. I rewrote municipal law to actually stop it." Exhibit H-7.

PAC Material	Candidate's Own Statement
Ad 7: "I was born in Sussex County and raised here by a single mom. Today I own a coffee shop on Main Street …"	Stuckey campaign statement: "Ryan Stuckey was born and raised by a single mom in Sussex County, Delaware. … the locals who walk into his coffee shop every day." Exhibit K-3.

These are not generic campaign themes. In the case of Ad 4, the PAC's advertisement and the candidate's own campaign post are the same text. In the case of Ad 7, the PAC published a first-person statement in Stuckey's voice that tracks the distinctive phrasing Stuckey himself used. The "next decade" message runs through Hicks's own letter and contribution page, the PAC's Ad 4, the PAC's mailer, and the PAC's Cape Gazette banner. The PAC's Cuccia materials follow the same model: Ad 3 presents Cuccia's personal history, occupation, and a five-point platform, directs readers to "Read her full platform & get involved: www.justine4sussex.com," and carries the Cuccia campaign's own hashtag, #Justine4Sussex. *See* Exhibit E.

Complainant does not know whether the PAC drafted this material and the campaigns adopted it, or the campaigns supplied it and the PAC ran it. The answer does not matter. An expenditure based on information provided "directly or indirectly by the candidate or the candidate's agents about the candidate's plans, projects or needs" is not independent, 15 Del. C. § 8002(13)(c), and neither is an expenditure made pursuant to "any arrangement, coordination or direction" with the candidate, *id.* § 8002(13)(a). Identical text appearing simultaneously in the PAC's paid advertising and the candidate's own campaign messaging cannot be explained without communication between them. The Commissioner should determine the origin of the text and how it came to be shared.

2. The candidate's own treasurer helped fund the PAC. Dr. Leslie Calman is the treasurer of Friends of Jill Hicks and verifies the committee's reports under oath. 15 Del. C. § 8030(f). On June 23, 2025, one day after candidate Jill Hicks herself contributed $1,000.00 to the PAC, Dr. Calman also contributed $1,000.00. Together, the candidate and her treasurer supplied $2,000.00 of the PAC's earliest funding. Dr. Calman has also contributed $500.00 to the Hicks committee and $300.00 to the Cuccia committee. Jane Gruenebaum, a sitting member of Sussex County Council who lists the same residential address as Dr. Calman, contributed $515.38 to the PAC, $600.00 to Hicks, and $600.00 to Cuccia.

Dr. Calman is not a nominal treasurer. Her name or residential address appears within the reported mailing address of at least 13 contributors on the Hicks committee's 2026 report, which indicates that she personally prepares the committee's filings. *See* Exhibit B.

A campaign treasurer is the candidate's agent. Under § 8002(13), an expenditure is not independent where there is "any arrangement, coordination or direction" between the spender and "the candidate or the candidate's agent," or where the expenditure is based on information provided "directly or indirectly by the candidate or the candidate's agents." The individual who

funds a PAC while managing the candidate's campaign finances is in a position to do both. That same individual has sworn that the Hicks committee's reports disclose all contributions received. Those reports disclose no in-kind contribution from the PAC, and they record the PAC's $600.00 contribution nearly four months after the PAC reports having made it.

3. All three campaigns promptly and repeatedly amplified the PAC's advertising. Each Respondent candidate publicly embraced the PAC's support and redistributed its paid content on the candidate's own campaign page, often within hours of the PAC posting it:

Date	Campaign	Post	Exhibit
Aug. 19, 2026	Cuccia	"Proud to be endorsed by Save Our Sussex PAC! Thank you!" sharing the PAC's endorsement graphic and Ad 3 text, posted by the PAC the same day	H-1
Aug. 20, 2026	Hicks	"Thank you Save Our Sussex PAC:" followed by the full text of Ad 4 and the PAC's endorsement graphic	H-2
Aug. 23, 2026	Cuccia	"Thank you Save Our Sussex PAC for your endorsement!" sharing the PAC's graphic and tagging the Cape Gazette and seven others	H-3
Sept. 27, 2026	Stuckey	Shares the PAC's endorsement graphic about six hours after the PAC posted it	H-4
Sept. 28, 2026	Hicks	Shares the PAC's link to a Bay to Bay News profile of Hicks about six and a half hours after the PAC posted it	H-5
Sept. 28, 2026	Cuccia	Shares the PAC's link to a Bay to Bay News profile of Cuccia about six hours after the PAC posted it	H-6
Oct. 2, 2026	Stuckey	Shares the PAC's "VOTE FOR RYAN STUCKEY" graphic, posted by the PAC the prior day	H-7

Every PAC graphic shared by the candidates bears "Paid for by Save Our Sussex PAC" and directs viewers to the candidate's campaign website. The Hicks and Cuccia campaigns also tagged news outlets, including the Cape Gazette, Coastal Point, CoastTV, and Delaware Online, extending the reach of the PAC's paid material.

Complainant recognizes that a candidate's sharing of a PAC's public post, standing alone, may not establish coordination. Here, it does not stand alone. The pattern is consistent across all three campaigns, it began the day the PAC's advertising launched, and in the Hicks campaign's case the "share" was a republication of the PAC's advertising copy as the campaign's own statement.

4. The PAC's candidate profiles appeared as news content. The Bay to Bay News profiles of Hicks and Cuccia that the PAC posted on September 28, 2026 are presented as news content. The Hicks profile's opening sentence is a near-verbatim copy of Ad 4's opening sentence. *See* Exhibits H-5, H-6, K-6, K-7. Bay to Bay News is published by Independent Newsmedia, Inc.,

to which the PAC reports paying $300.00 on August 28, 2026 and $600.00 on September 17, 2026. *See* Exhibit A. If those payments purchased placement of the PAC's candidate profiles as news content, the profiles are paid advertisements that carry no "Paid for by" statement of any kind, and they are additional expenditures on behalf of the candidates that were never attributed to them. The Commissioner should determine what the Independent News Media payments purchased.

5. The PAC's advertisements use campaign photographs and promote the campaigns' websites. The PAC's materials feature professional portrait photographs of the candidates. The same portrait of Hicks, or one from the same session, appears on both the PAC's mailer and its Cape Gazette banner. The same portrait of Stuckey in his coffee shop appears on two separate PAC graphics posted September 27 and October 1, 2026. The mailer uses a stylized "Jill★ HICKS" logotype. *See* Exhibits F, G, H-4, H-7. The PAC's advertisements and mailer also direct voters to the candidates' campaign websites: ElectJillHicks.com, Justine4Sussex.com, and RyanStuckey.com. *See* Exhibits E, F, H. On the mailer, in the place where § 8021(b) would require the PAC to direct voters to the Department's website to "[l]earn more about" the PAC and its funding, the mailer instead tells recipients to "Learn more: ElectJillHicks.com." The Commissioner should determine the source of the photographs and design elements appearing in the PAC's advertisements.

6. The PAC's leadership are among the candidates' largest contributors. Members of the PAC's Executive Board and Advisory Council, and members of their households, have given the Hicks campaign at least $5,150.00:

PAC Role	Contributor	To PAC	To Hicks	To Cuccia
Executive Board (President)	Nan Mathis	$1,339.19[3]	—	—
Executive Board	Jeanne M. Noble	$2,780.26	$600.00	$300.00
Executive Board	Nancy Sakaduski	$1,500.00	—	—
(same address)	Joseph Sakaduski	—	$600.00	—
Executive Board (Treasurer)	Bob Murray	$1,000.00	—	—
(same address)	Shawn Barron	—	$250.00	—
Advisory Council	Joe Pika	$1,200.00	$600.00	$300.00
(same address)	Mary Pika	—	$600.00	—
Advisory Council	Rich Borrasso	$1,500.00	$600.00	—

[3]The PAC's 2026 Primary 8-Day Report lists a $1,339.19 contribution received August 30, 2026, from "Nancy Mathis," 3679 Lexington Avenue, Tahlequah, Oklahoma. Complainant cannot confirm that this contributor is the same individual as the PAC's President, Nan Mathis. The Department should verify the contributor's identity.

PAC Role	Contributor	To PAC	To Hicks	To Cuccia
(spouse)	Sandra Borrasso[4]	—	$600.00	—
Advisory Council	Patti Drago	$1,000.00	$600.00	—
Advisory Council	Jack Young	$1,000.00	$500.00	—
Advisory Council (Chair)	Alison White	$200.00	$200.00	$150.00

Four PAC leaders and three members of their households each gave Hicks the full $600.00 maximum. The PAC thus is governed and advised by the very people who are financing the Hicks campaign to the legal limit.

7. The PAC's leadership and Hicks share long-standing organizational ties. Hicks co-founded the Sussex Preservation Coalition with Jane Gruenebaum and served as its president until March 2026, when she resigned to pursue her candidacy. She was succeeded as president by Joe Pika, a member of the PAC's Advisory Council, whom she publicly credited for his "guidance and mentorship." Rich Borrasso, also a member of the PAC's Advisory Council, chaired one of the Coalition's working groups during Hicks's tenure. *See* Exhibits K-4, K-5. These are the same individuals the PAC's Executive Board "consults with" on its activities.

8. The donor bases overlap extensively. Beyond the PAC's leadership, many PAC contributors also contributed to the Respondent candidates. Several gave to all three committees: the PAC, Hicks, and Cuccia. Examples include Maureen Madden, Judy Rose Seibert, Mitchell Crane, Kathy Hughes, Doris Pierce, and Michael Weiss. *See* Exhibit J.

9. Timing. The PAC reports making its $600.00 contributions to the Hicks and Cuccia committees on the same day, June 13, 2026. Its advertising for all three candidates intensified in the same windows, culminating in more than $15,000.00 in Print Coast2Coast and Meta expenditures between October 1 and October 4, 2026. Several advertisements direct voters to the October 22 start of early voting. Candidate Ryan Stuckey personally paid the PAC $51.99 on October 2, 2026, the same day his campaign shared the PAC's "VOTE FOR RYAN STUCKEY" graphic. *See* Exhibits A, H-7.

Conclusion. The PAC's website disclaimers, and the single advertisement stating it was "not authorized by any candidate," do not determine whether the PAC's expenditures were independent. The statute asks whether there was any arrangement, coordination, or direction; whether PAC personnel advised the candidates on their plans or needs; and whether the expenditures were based on information from the campaigns. 15 Del. C. § 8002(13)(a)–(c). The

[4]Rich and Sandra Borrasso are married and reside together. The PAC and the Hicks committee report Mr. Borrasso's address as 16307 Red Fox Court, Milton, while the Hicks committee reports Ms. Borrasso's address as 26307 Red Fox Court, Milton. The discrepancy is likely a typographical error.

PAC tells the public that it funds "independent campaigns." The record shows advertising copy identical to the candidate's own campaign post, a candidate and her treasurer funding the PAC, PAC leadership financing the campaigns to the legal limit, and three campaigns redistributing the PAC's paid content within hours. No single fact is dispositive. Taken together, however, the evidence overwhelmingly supports a conclusion that the PAC's expenditures were coordinated with the Respondent candidates, and it warrants a full investigation.

E. Candidate Committee Reporting

Excess individual contributions to the Hicks committee. Both of the following occurred before the September 2026 primary and within a single election period. *See* Exhibit B.

- **Mary Boggi**, 1 Lakeview Court, Lewes: $25.00 on December 4, 2025, and $600.00 on March 3, 2026, for a total of $625.00. Ms. Boggi is also a $2,236.22 contributor to the PAC.
- **H. Kerry Russo / Kerry Russo**, 43 Aintree Drive, Lewes: $500.00 on February 10, 2026, and $325.00 on March 23, 2026, for a total of $825.00.

Unidentified contribution. The Hicks committee's 2026 General 30-Day Report lists a $600.00 contribution received August 14, 2026, with no contributor name and no address. *See* Exhibit B. Because the contribution exceeds $100.00, the committee was required to report the contributor's full name and mailing address, 15 Del. C. § 8030(d)(2), and it may not knowingly accept a contribution whose donor's true name and address is not made known to it, *id.* § 8006(b).

Date discrepancy. The PAC reports a $600.00 contribution to Friends of Jill Hicks on June 13, 2026. The Cuccia committee reports receiving its identical contribution from the PAC on that same date. *See* Exhibits A and C. The Hicks committee, however, reports receiving the PAC's contribution on October 4, 2026, the final day of its reporting period and nearly four months later. *See* Exhibit B. Under the Commissioner's regulations, a check is received on the date the committee physically receives it. 15 DE Admin. Code 100-3.2. Either the Hicks committee held the PAC's check for nearly four months, or one of the two committees' sworn reports is inaccurate.

IV. VIOLATIONS

Count I: Excessive and Unreported Contributions (15 Del. C. §§ 8003(b), 8010(a), 8012(f), 8030(d)(11)). To the extent the PAC's expenditures were coordinated, each is a contribution to the candidates it benefited, prorated under § 8012(f). The PAC had already contributed the $600.00 maximum to the Hicks and Cuccia committees, so every dollar of coordinated spending on their behalf exceeds the limit. As to Stuckey, the limit is exceeded by any coordinated spending beyond $600.00. Allocating the PAC's approximately $26,000.00 in non-contribution expenditures equally among the three candidates would attribute more than $8,000.00 to each. The candidates accepted these contributions, did not route them through their candidate committees, and did not report them.

Count II (in the alternative): Failure to File Third-Party Advertisement Reports (15 Del. C. § 8031). To the extent the PAC's expenditures were independent, each advertisement was a third-party advertisement, whether as express advocacy (for example, Ads 3 and 4, run before September 4) or as an electioneering communication run on or after September 4. The PAC's aggregate third-party expenditures exceeded $500.00 during the election period, triggering the reporting requirement. Reports were due within 48 hours of each qualifying expenditure, and within 24 hours of each expenditure made on or after September 4, 2026, including at least nine expenditures to Meta, the Cape Gazette, Independent News Media, and Print Coast2Coast. No report was ever filed.

Count III (in the alternative): Deficient Disclosure Statements (15 Del. C. § 8021(b)). To the extent the PAC's advertisements were third-party advertisements, the mailer and the Cape Gazette banner advertisements each had a fair market value of $500.00 or more, and each omitted the statement "Learn more about Save Our Sussex PAC at [Commissioner's web address]." To the extent the PAC paid for placement of the Bay to Bay News profiles, those profiles carry no disclosure statement at all. Each violation carries a mandatory fine of the greater of $500.00 or 25% of the advertisement's cost. 15 Del. C. § 8043(j).

Count IV: Inaccurate Reports (15 Del. C. §§ 8030(d), 8043(c)). The PAC's 2025 Year-End Report reports $2,606.13 in transactions simultaneously as expenditures, as in-kind contributions from vendors, and as non-cash assets, and it fails to disclose who actually paid those vendors. The PAC's reports also fail to disclose its third-party advertising activity. The Hicks committee's report records the PAC's contribution on a date that conflicts with the PAC's report.

Count V: Acceptance of Excess Individual Contributions (15 Del. C. § 8010(a)). The Hicks committee accepted $625.00 from Mary Boggi and $825.00 from H. Kerry Russo in a single election period.

Count VI: Unidentified Contribution (15 Del. C. §§ 8006(b), 8030(d)(2)). The Hicks committee accepted and reported a $600.00 contribution on August 14, 2026, without disclosing the contributor's name or address.

V. RELIEF REQUESTED

The violations described in this complaint are not technical lapses in paperwork. Chapter 80 makes the knowing commission of each of them a crime:

- Knowingly making or accepting a contribution in excess of the limits of § 8010 is a class A misdemeanor. 15 Del. C. § 8043(b).
- Knowingly failing to file a required report, including the third-party advertisement reports required by § 8031, or knowingly filing a report that is false in any material respect, is a class A misdemeanor. *Id.* § 8043(c).

- Knowingly violating the duties imposed on candidates and political committees by §§ 8003 and 8005 is a class B misdemeanor. *Id.* § 8043(a).
- Knowingly accepting a contribution whose donor's true name and address is not made known to the committee is a class G felony. *Id.* §§ 8006(b), 8043(d).

The Respondents are not newcomers to these requirements. Each committee filed sworn reports with the Department throughout the election period. The Cuccia committee refunded contributions to stay within the applicable limits, which demonstrates familiarity with how those limits operate. The PAC published statements on its website affirming that its leadership "adhere[s] to state and federal laws regarding independence from political candidates and their campaigns." Nevertheless, the PAC has spent more than $26,000.00 on advertising for three candidates without filing a single third-party advertisement report, and that spending is continuing in the final weeks before the election.

Complainant therefore respectfully requests that the Commissioner take the following actions:

1. **Investigate coordination.** Investigate whether the PAC's expenditures were made in cooperation, consultation, or concert with the Respondent candidates or their agents, including the candidates' campaign treasurers and the PAC's Executive Board and Advisory Council. The investigation should also determine the source of the advertising copy, candidate statements, photographs, design elements, and biographical material appearing in both the PAC's advertisements and the candidates' own campaign posts, and what the PAC's payments to Independent News Media purchased.

2. **Order the PAC to cease advertising until it complies.** Order the PAC to cease all further advertisements and communications that refer to any Respondent candidate or the candidate's opponent until the PAC has (a) filed every third-party advertisement report required by § 8031 for the 2026 election period; (b) amended its periodic reports to identify the candidates benefited by each expenditure and the true source of all in-kind contributions; and (c) demonstrated that every remaining advertisement carries the disclosure statement required by § 8021(b).

3. **Order the candidate committees to cease accepting coordinated expenditures and to correct their reports.** Order the Respondent candidate committees to cease accepting, and to cease coordinating with the PAC on, any further expenditures or communications made on their behalf. Require each committee to report the PAC's expenditures as in-kind contributions to the extent coordination is found. The prohibition should remain in place until the committees have filed corrected reports and returned or disgorged all amounts in excess of the § 8010(a) limit, as required by § 8043(i).

4. **Correct the Hicks committee's contribution reporting.** Require the Hicks committee to return the excess portions of the Boggi and Russo contributions, to identify or return the unidentified $600.00 contribution, and to correct the reported date of the PAC's contribution.

5. **Assess fines and penalties.** Confirm the cost of the PAC's direct-mail piece, Cape Gazette banner advertisements, and Bay to Bay News placements, including by obtaining the United States Postal Service mailing statement for the PAC's presorted standard mailing. Assess the fines mandated by § 8043(j) for each advertisement lacking the required disclosure statement, and the administrative penalties authorized by § 8044 for each required report that was not filed.

6. **Refer for prosecution.** Refer the PAC, its treasurer and responsible officers, and the Respondent candidates and their treasurers to the Office of the Attorney General for investigation and prosecution of the misdemeanor and felony violations identified above. The Superior Court has jurisdiction over all offenses under Chapter 80. 15 Del. C. § 8043(f).

7. **Act before the election.** Act on this complaint on an expedited basis. Each additional day of unreported and improperly disclosed advertising before the November 3, 2026 general election deprives voters of the disclosure Chapter 80 guarantees.

Look at Justine Cuccia, and you'll see someone who meets life head-on—with courage, authenticity, and resilience.

From surviving Alopecia in her 20s to overcoming two 9/11-related cancers, Justine threw away the wigs years ago, embraced her bold head tattoo, and dedicated her life to advocating for her neighbors.
Now, she's bringing that same strength and common-sense leadership to the race for Sussex County Council District 4!
As a lawyer, substitute teacher, and community activist living in Bethany Beach, Justine knows we need a fresh direction on land use, traffic, and development.

Here is what Justine will fight for on County Council:
✅ Managing growth responsibly so development doesn't outpace our roads and schools
✅ Requiring developers to share the burden of infrastructure costs
✅ Preserving our precious wetlands and forests to stop flooding
✅ Expanding healthcare access across our county
✅ Supporting affordable housing for working families, seniors, and young adults

It's time for a Council member who listens, builds bridges, and puts community first.

Few people bring a stronger commitment to positive change—or better qualifications for Sussex County Council—than Jill Hicks, candidate for District 5 (Georgetown & Millsboro). 🌲🏡

Like many of us, Jill has watched the transformation of Sussex County, not always for the better. But instead of sitting back, she's taking action.

She is challenging the District 5 incumbent to bring common-sense solutions and community-first leadership to the Council at a critical moment for our region.

"County Council will soon be making decisions on planning and land use which will affect our lives for the next 10 years. It's vital to have a council member committed to change." — Jill Hicks

- What Jill Stands For:

• Smart Land-Use: Responsible development where infrastructure comes FIRST.
• Affordability: Promoting livable, affordable communities for local families.
• Preservation: Protecting our wetlands, farmland, and open spaces.
• Community Services: Full support for public education and first responders.

- Proven Leadership & Real Experience

Jill brings a rare combination of executive experience and grassroots advocacy:
• Corporate Executive: Worked her way up from Wawa store clerk to Corporate Director overseeing procurement, real estate, and IT systems.
• Educator: Returned to teaching music in elementary and middle schools after retiring from corporate life.
• Community Advocate: Co-founded the Sussex Preservation Coalition (now 4,000+ members strong) after fighting against destructive local overdevelopment.
• Task Force Leader: Appointed in 2025 to the County's Land Use Working Group, helping shape 20 major recommendations for the 2028 Comprehensive Plan.

Jill has proven time and again that she will put Sussex County citizens first—not special interests.

👉 Vote for positive change. Jill Hicks for Sussex County Council District 5!

Ad text (verbatim):

Sussex County District 4 Councilman Doug Hudson has endorsed House District 41 candidate John Atkins, a former legislator with a history of domestic violence.

In his endorsement, Hudson calls Atkins "a supporter of the law enforcement community." Coming from a former state trooper, that endorsement is especially troubling. What message does it send to women who have experienced domestic violence?

You can do your own internet search of John Atkins arrest history. Here is a sampling of the man Hudson vouched for, and this is the abbreviated version. Atkins' history is too long for one post.

Atkins pleaded guilty to offensive touching his wife following an October 2006 incident. In 2014, she obtained a protective order after alleging physical and verbal abuse and expressing fear for her safety.

The House Ethics Committee unanimously found that Atkins had brought the House into disrepute by using his legislative position to seek leniency during a suspected drunk-driving stop and the subsequent events. He resigned in 2007 before the House voted on the proposed censure.

In July 2018, Atkins was arrested three times in less than a month following an incident involving his girlfriend and subsequent alleged violations of a no-contact order. The woman told police he put his hands on her neck and squeezed to the point that she could not breathe; the felony strangulation charge was later dropped, and Atkins pleaded guilty to misdemeanor third-degree assault and three counts of breach of release.

Atkins was elected as a Republican, resigned in 2007, switched to the Democratic Party and won the seat back in 2008, and was defeated in 2014. Now he is running again as a Republican.

So the question is: Why, Doug? Why put your name behind a campaign that calls John Atkins "one of us"?

Vote for Justine Cuccia for Sussex County Council, District 4.
We deserve good judgment and leaders who take violence against women seriously.

In his endorsement, Hudson calls Atkins "a supporter of the law enforcement community." Coming from a former state trooper, that endorsement is especially troubling. ...

Sussex County Councilman John Rieley Wants It Both Ways

A proposed ordinance to slow Sussex County sprawl is pending before the county council. Unless council membership changes, it is likely dead — and with it any hope of curtailing mindless growth.
Incumbent John Rieley wants it both ways.

He tells voters he's for "stopping the sprawl," a promise from his last campaign. Yet given the chance to even begin the conversation, Rieley told fellow council members, "If I had my way, I'd vote against it right now."

The background: after voters ousted three incumbents in 2024, the council appointed a Land Use Reform Working Group, which produced 20 recommendations. A key one was restricting cluster subdivisions in rural areas.
Ordinance 26-02 would limit cluster subdivisions and Residential Planned Community districts to the county's designated growth areas — Town Center, Developing and Coastal — instead of allowing them across the county's rural, low-density areas.
At that May 19 hearing, some farmers raised a legitimate concern: development potential factors into appraisals used as collateral for agricultural loans.
That deserves serious attention. But "highest and best use" of agricultural land does not require that every conceivable future development be baked into a property's value — and the benefit isn't shared equally.
Development potential adds the most value to land near growing towns with sewer access, not more remote working farms.
Cluster rules were meant to cluster homes and keep open space. In practice they produce high-density, suburban-scale subdivisions outside planned growth areas, with more traffic, more students and more strain on emergency services.
Farmers' real pressures — fuel and fertilizer costs, commodity prices and tariffs — weren't caused by zoning and won't be fixed by it.
Jill Hicks served on the Land Use Reform Working Group. She's a consensus builder. She is not one to throw up her hands.
There's a compromise that exists when it comes to stopping the spread of cluster subdivisions. Jill Hicks will find it. John Rieley will not.
Early voting begins October 22. Vote early!

Councilman John Rieley says that House District 41 candidate John Atkins "has the character to lead again." Here is the record of the man he vouched for, and this is the abbreviated version.

Atkins pleaded guilty to offensive touching his wife following an October 2006 incident. In 2014,she obtained a protective order after alleging physical and verbal abuse and expressing fear for her safety.

The House Ethics Committee unanimously found that Atkins had brought the House into disrepute by using his legislative position to seek leniency during a suspected drunk-driving stop and the subsequent events. He resigned in 2007 before the House voted on the proposed censure.

In July 2018, Atkins was arrested three times in less than a month following an incident involving his girlfriend and subsequent alleged violations of a no-contact order. The woman told police he put his hands on her neck and squeezed to the point that she could not breathe; the felony strangulation charge was later dropped, and Atkins pleaded guilty to misdemeanor third-degree assault and three counts of breach of release.

We asked. You answered. 221 Sussex County residents told us what they think about growth — and the results were not close.

98% said the council should change direction when it drafts the next 10-year Comprehensive Plan. Only 4 people wanted to continue down the same path.

92% said the Land Trust is not enough on its own — we need stronger zoning laws alongside it. Just 15 people thought the Trust alone could manage our growth.

94% rated their concern about growth a 4 or 5 out of 5. The average was 4.75.

And here's the part that should matter to every farmer and every neighbor in this county: 54% said the council should work with the Land Use Reform Working Group AND with farmers to find a compromise. People want a real solution that protects farmland and stops the sprawl.

That is a mandate. So why hasn't it happened?

Because the current council won't do it. The land use reform working group delivered 20 recommendations. The most critical one that would stop the sprawl is a ban on cluster subdivisions in rural areas.

The council that takes office in January will write the Comprehensive Plan that governs Sussex County land use until 2038. It's a roadmap for the next decade.

Vote Jill Hicks for County Council District 5.
Vote Justine Cuccia for County Council District 4.

Hicks and Cuccia will bring the working group's recommendations forward, use the Land Trust as one tool instead of the whole plan, and sit down with farmers instead of talking past them. Their opponents, John Rieley and Doug Hudson, have had years to act on exactly what you just told us you want. They have not.

Change begins October 22 with early voting. Election Day is Tuesday, November 3. Share this with a neighbor who thinks nobody is listening.

Thanks for participating in this week's survey!

🚨 Why Local Leadership Matters on the Sussex County Council

Thank goodness for Jane Gruenebaum! While John Rieley and Doug Hudson are patting themselves on the back for supporting a new forest preservation ordinance, Jane was busy stopping one of its most egregious provisions.

📉 If District 4 incumbent Doug Hudson and District 5 incumbent John L. Rieley had their way, builders wanting to clear-cut forests for development would have gotten a massive loophole: a "fee in lieu of" provision allowing deep-pocket builders to simply pay a fee and clear-cut anyway.

🔴 As Jane rightly noted, every one of these changes was pushed straight by Jon Horner—Schell Brothers attorney and head of the Homebuilders Association of Delaware. This loophole was removed to secure passage. But council likely will revisit this change next year.

🗳️ We need Jill Hicks (District 5) and Justine Cuccia (District 4) on the council to prevent loopholes like this from creeping back in next year!

👇 Watch the attached August 25 video for the exact exchange on the floor:

🗣️ Matt Lloyd: Suggesting the fee-in-lieu is a way to "stick it to" developers.

👉 Gruenebaum: "When you started out, we talked about sticking it to developers, I want to note that every one of these changes we've made... came out of the mouths of Jon Horner, the man who heads the building association. Every one of these are supporting what he asked for... including fee in lieu of. Now, I don't support fee in lieu of, not because Jon supports it… I want to protect the forest.

I don't want to create multiple avenues for getting out of protecting the forest, and this avenue is particularly obnoxious to me. Just, you know, let me give you some money and go preserve it somewhere else because I'm going to tear down this one. I can't support fee in lieu of. I can't support it...

🗣️ Lloyd: "I can understand that position. I think I just see it differently based on my district. And again, what I know say $25,000 could get in terms of preservation."

👉 Gruenebaum: "You're not sticking it to developers… He (Horner) asked for fee in lieu of... If you're for it, fine, but this is not a 'stick it to developers' situation."

🗣️ John Rieley: "At the end of the day, you're going to preserve the trees either through one method or another. And the end result is going to be preservation."

👉 Gruenebaum: "Location matters. Place matters when it comes to forests."

🗣️ Rieley: "No, it doesn't."

👉 Gruenebaum: "It does matter and I tried to make that clear... whenever we had the longer discussion about it."

This $115 million school expansion request is what shortsighted growth looks like when the bill comes due. (See link in first comment.)

For years, two-term Councilman John Rieley supported continued growth while recently resisting efforts to require new development to help pay for the additional school capacity it creates. In May 2025, Rieley cast the sole vote against even moving a school impact fee forward, arguing that school funding was the responsibility of the state and local school districts.

Sussex County Council makes the land-use decisions that drive growth. It cannot approve development after development—and then deny responsibility for the crowded classrooms, congested roads and strained public services that follow.

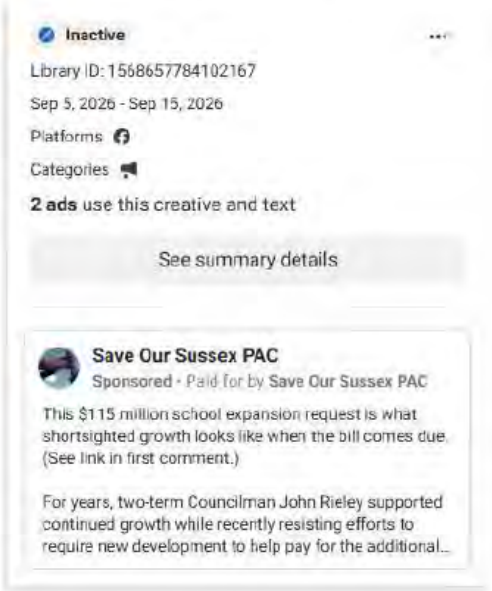

Why should existing taxpayers continue shouldering so much of the cost? Why shouldn't developers, often big builders from out of state, pay their fair share toward the infrastructure they make necessary?

Sussex County Council District 5 needs change.
Jill Hicks understands that actions have consequences—and that public officials must be accountable for their decisions. Early voting for this council seat starts Oct 22! Vote. Volunteer. Donate.

John Rieley says he "drafted and approved" the school construction fee.

The council minutes say otherwise.

On May 13, 2025, Councilman Steve McCarron moved to have county staff draft the school fee. It passed 4–1. The only vote against it was John Rieley's. He voted yes only when the fee was finally adopted on June 16, 2026, calling it "a difficult vote" that takes council "out of our lane."

Voting yes at the end is not the same as writing it.

We're seeing a pattern. In 2022, John Rieley campaigned to "stop the sprawl." This May, about an ordinance that would limit cluster subdivisions in rural areas, he said: "If I had my way, I'd vote against it right now."

Now he lists the new forest preservation ordinance as an accomplishment. He voted yes at the end. But during the debate, he said he wanted to consider letting developers pay a fee instead of saving trees on their own land. Council left that option out.

Early voting starts October 22. Vote Jill Hicks for Sussex County Council, District 5.

If you're happy with traffic jams, electric bills, months waiting to see a doctor and overdevelopment, Doug is your candidate. But know this: the unrelenting growth along the coast is marching inland.

As developers fill in the coast, they're moving inland. District 5 is getting hit hardest.

Sussex County has 72 development applications in the pipeline, adding up to 19,676 new homes. About 1 in 3 of those homes, 6,530 of them, are in District 5. That's more than any other council district.

Those homes would cover 3,171 acres in District 5, nearly five square miles of central Sussex. About 75% to 80% would be single-family homes at roughly two per acre.

The pressure is coming from next door too. Building around Milton, just northeast of District 5, puts District 2 second, with 5,893 homes.

This happened on John Rieley's watch. He ran on "Stop the Sprawl." Now District 5 has more new homes in the pipeline than any other district.

Jill Hicks wants Sussex County to set its own plan for growth instead of reacting to whatever developers bring next.

Change starts Oct. 22 with early voting. Vote Jill Hicks for Sussex County Council, District 5.

As developers fill in the coast, they're moving inland. District 5 is getting hit hardest.

Sussex County has 72 development applications in the pipeline, adding up to 19,676 new homes. About 1 in 3 of those homes, 6,530 of them, are in District 5. That's more than any other council district....

🚨 Why Local Leadership Matters on the Sussex County Council

Thank goodness for Jane Gruenebaum! While John Rieley and Doug Hudson are patting themselves on the back for supporting a new forest preservation ordinance, Jane was busy stopping one of its most egregious provisions.

📉 If District 4 incumbent Doug Hudson and District 5 incumbent John L. Rieley had their way, builders wanting to clear-cut forests for development would have gotten a massive loophole: a “fee in lieu of” provision allowing deep-pocket builders to simply pay a fee and clear-cut anyway.

🔴 As Jane rightly noted, every one of these changes was pushed by Jon Horner—Schell Brothers attorney and head of the Homebuilders Association of Delaware. This loophole was removed to secure passage. But council likely will revisit this change next year.

🔵 We need Jill Hicks (District 5) and Justine Cuccia (District 4) on the council to prevent loopholes like this from creeping back in next year!

👇 Watch the attached August 25 video for the exact exchange on the floor;

🗣️ McCarron: Suggesting the fee-in-lieu is a way to “stick it to” developers.

👉 Gruenebaum: “When you started out, we talked about sticking it to developers, I want to note that every one of these changes we've made... came out of the mouths of Jon Horner, the man who heads the building association. Every one of these are supporting what he asked for... including fee in lieu of. Now, I don't support fee in lieu of, not because Jon supports it… I want to protect the forest.

I don't want to create multiple avenues for getting out of protecting the forest, and this avenue is particularly obnoxious to me. Just, you know, let me give you some money and go preserve it somewhere else because I'm going to tear down this one. I can't support fee in lieu of. I can't support it...

🗣️ McCarron: “I can understand that position. I think I just see it differently based on my district. And again, what I know say $25,000 could get in terms of preservation.”

👉 Gruenebaum: "You're not sticking it to developers… He (Horner) asked for fee in lieu of... If you're for it, fine, but this is not a 'stick it to developers' situation."

🗣️ John Rieley: "At the end of the day, you're going to preserve the trees either through one method or another. And the end result is going to be preservation."

👉 Gruenebaum: "Location matters. Place matters when it comes to forests."

🗣️ Rieley: "No, it doesn't."

👉 Gruenebaum: "It does matter and I tried to make that clear... whenever we had the longer discussion about it."

Thank you Save Our Sussex PAC:

Few people bring a stronger commitment to positive change—or better qualifications for Sussex County Council—than Jill Hicks, candidate for District 5 (Georgetown & Millsboro).

Like many of us, Jill has watched the transformation of Sussex County, not always for the better. But instead of sitting back, she's taking action.

She is challenging the District 5 incumbent to bring common-sense solutions and community-first leadership to the Council at a critical moment for our region.

"County Council will soon be making decisions on planning and land use which will affect our lives for the next 10 years. It's vital to have a council member committed to change." — Jill Hicks

What Jill Stands For:

Smart Land-Use: Responsible development where infrastructure comes FIRST.
Affordability: Promoting livable, affordable communities for local families.
Preservation: Protecting our wetlands, farmland, and open spaces.
Community Services: Full support for public education and first responders.

Proven Leadership & Real Experience
Jill brings a rare combination of executive experience and grassroots advocacy:

Corporate Executive: Worked her way up from Wawa store clerk to Corporate Director overseeing procurement, real estate, and IT systems.
Educator: Returned to teaching music in elementary and middle schools after retiring from corporate life.
Community Advocate: Co-founded the Sussex Preservation Coalition (now 4,000+ members strong) after fighting against destructive local overdevelopment.
Task Force Leader: Appointed in 2025 to the County's Land Use Working Group, helping shape 20 major recommendations for the 2028 Comprehensive Plan.

Jill has proven time and again that she will put Sussex County citizens first—not special interests.

Vote for positive change. Jill Hicks for Sussex County Council District 5!

About Us

Save Our Sussex PAC was formed in 2025 to give residents a voice in determining the future of Sussex County. It's our effort to level the playing field.

Builders and others with financial interests in home construction have used their own well-funded PAC to maintain unrestrained development. In 2024, they tried to keep the status quo but county residents made clear their desire for a new path. Voters elected three new county council members.

That's the kind of change we want to continue. We want to give a voice to people who live here rather than the outside interests.

We are values based and people powered. We need your contributions to be successful. We promise to use your donations wisely and strategically to fund independent campaigns in support of candidates who will represent our core common interests.

PAC donations are not tax deductible. Our periodic reports on expenditures are posted online. We are registered as a political action committee with the Delaware Department of Elections.

SOS PAC bylaws may be found here.

Executive Board

A five-member Executive Board governs Save Our Sussex PAC fund raising and expenditure activities. All board members adhere to state and federal laws regarding independence from political candidates and their campaigns. Executive Board members currently serving are: Nan Mathis (President), Bob Murray (Treasurer), Jeanne M. Noble, Susan Nogan and Nancy Sakaduski.

Advisory Council

The Advisory Council consists of individuals with knowledge, insight and expertise in Sussex County policy and environmental issues, PAC regulations or other specialized guidance. The Executive Board consults with the Advisory Council as needed. Advisory Council members also adhere to state and federal laws regarding PAC independence. Advisory Council members currently serving are: Alison White (Chair), Rich Borrasso, Pat Coluzzi, Jim Dick, Mary Douglas, Patti Drago, Joe Pika and John (Jack) Young.
